

Aavedan Setu — CSV Seeding Specifications

Database Seeding Templates for Government Schemes, Departments, and Complaint Types

This document details the CSV file format requirements for seeding the Aavedan Setu database. Preparing the CSV files with the exact column headers specified below will allow our backend seeding scripts to automatically populate schemes, departments, offices, contact email addresses, and AI-assisted keywords.

1. Government Schemes CSV Specification (schemes.csv)

Use this CSV to import welfare schemes, scholarships, and yojana details. Under the hood, the script automatically links or creates categories, managing departments, and required documents.

Column Header	Data Type / Rules	Description & Instructions	Example Value
scheme_name	Text (Unique)	Full name of the welfare scheme.	Bihar Post Matric Scholarship
scheme_code	Text (Unique)	Alphanumeric uppercase shortcode.	BIHAR_PMS_2026
category	Text	Primary category domain (e.g. Education, Housing, Agriculture).	Education
department	Text	Department managing the scheme.	Education Department
state	Text (Optional)	State name for regional schemes. Leave blank for Central/National schemes.	Bihar
description	Text (Large)	Detailed explanation of the scheme's purpose.	Scholarship program for SC/ST/OBC/EBC students...
benefits	Text (Large)	Explanation of aid amount, subsidies, or physical support details.	Tuition fee reimbursement and academic maintenance allowance...
eligibility	Text (Large)	Income limits, study levels, caste, and age limitations.	Annual family income under 2.5 Lakhs; enrolled in post-matric studies...
keywords	Text	Comma-separated words/phrases to aid search matching.	scholarship, post-matric, student, college, fee
official_website	URL	Official homepage link.	https://pmsonline.bih.nic.in
application_link	URL	Direct application portal link.	https://pmsonline.bih.nic.in/apply
helpline_number	Text	Toll-free number or help desk contact.	1800-3453-456
required_documents	Text (Comma-sep)	Documents required for applying (creates RequiredDocument records).	Aadhaar Card, Caste Certificate, Income Certificate, Fee Receipt

2. Department Offices CSV Specification (offices.csv)

Use this CSV to load local division offices. Our backend uses this to dynamically map the geographic coordinates (state and district) and the department of a filed complaint to route the grievance directly to the office's official email address.

Column Header	Data Type / Rules	Description & Instructions	Example Value
department_name	Text	Name of parent department (must exist or will auto-create).	Public Works Department (PWD)
office_name	Text	Unique name of the local division/office branch.	PWD Division Office - Madhepura
state	Text	State of jurisdiction (maps to State model).	Bihar
district	Text	District of jurisdiction (maps to District model).	Madhepura
address	Text	Full physical street address of the office.	Madhepura West By Pass Rd, SH57, Madhepura
email	Email address	Grievance email where grievance drafts are dispatched.	pwd.madhepura@bihar.gov.in
phone	Text (Optional)	Landline or office contact number.	06476-222345

3. Complaint Types CSV Specification (complaint_types.csv)

Use this optional CSV to define core complaint types that citizens can file, defining SLAs, defaults, and priority rules.

Column Header	Data Type / Rules	Description & Instructions	Example Value
complaint_name	Text (Unique)	Title name of the issue category.	Low Water Pressure
category	Text	Broad category (maps to ComplaintCategory).	Water Supply
department	Text	Default department assigned (maps to Department).	Water Supply Department
priority	low / medium / high	Standard urgency tier.	medium
estimated_resolution_days	Positive Integer	Resolution SLA timeframe in days.	7
keywords	Text	Comma-separated keywords for classification mapping.	water, tap, pressure, no water, supply
